## Career Objective

A challenging career opportunity in electrical engineering fields, where my education and abilities would be advantageous to the growth of my employer and myself.

## PERSONAL INFORMATION

**Home address:** Al-Mahalla Al-Kubra, Al-Gharbiya, Egypt.  
"Available residence in **Cairo** "  
**Date of birth:** November 22, 1990.  
**Nationality :** Egyptian.  
**Marital status:** Single.  
**Military status :** Completed.  
**Mobile :** +2 01064898143  
**Driving license:** Private.

## Work Experience

**Currently** working in the control and electrical installation of elevators at " **Al Magd** "  
For elevators in **Mansurah** from **1/3/2015** till **now** .

✚ Worked at the **Egyptian Armed Forces** from **1/1/2014** to **1/3/2015** as operating & Maintenance Electrical Engineer for medium voltage sub- station.

## Education & Qualifications

✚ **University :** Mansoura University - Faculty of Engineering  
✚ **Dept. :** Bachelor Degree in Electrical Power Engineering , Class Of **2013**  
✚ **Degree :** Good in Senior Year – **Graduation project :** Excellent

## Training

✚ **Training in :** " **Talkha Power Station** "  
**In :** (Generators , Transformers , Protection , Control , GIS and Networks)  
**From :** 1/7/2011 To 1/8/2011  
✚ **Training in :** " **South Delta Electricity Distribution Company** "  
**In :** (Substations , Transformers and Protection)  
**From :** 28/6/2012 To 15/8/2012

## Campus Activities

- ✚ Participation in a visit to **National Energy Control Center (NECC)** with project team as a leader in the "SCADA" session in November 2012 .
- ✚ Participation in High Voltage Lab activity in the Faculty Of Engineering Mansoura University in **First Aid** Course in the year 2012.

## Courses

- ✚ Electrical installations course Levels 1 And 2 From “Jelecom” (**Excellent**).
- ✚ PLC programming course Levels 1 And 2 From “ITC Academy” (**Excellent**).
- ✚ First Aid Course from “ Sainai University ” (**Excellent**).

## Project Participation

- ✚ Graduation Project : “**Power System Switching**”
- ✚ Participated in a " Modeling and Simulation of over current protection in outgoing distribution feeders “ project in the first year 2010 .

## Computer Skills

- ✚ AutoCAD 2D course (Excellent).
- ✚ Dialux (Excellent).
- ✚ ICDL (Excellent).
- ✚ Operating system : Windows 7 , Windows 8.
- ✚ Excellent knowledge of PLC programming software of (Siemens-LG-PEP- Fatek) & electrical engineering software (Etap - AutoCAD - Matlab - Simulink ).
- ✚ Excellent in M.S. office applications (Word, Excel, Power Point and Access)
- ✚ Excellent in computer maintenance.

## Languages

- ✚ **Arabic** : Mother language
- ✚ **English** : Very Good

## Positions Of Responsibility

- ✚ Developed team leading skills like motivating team members and encouraging good performance through my leading part in my team work projects.
- ✚ Prepared and conducted many presentations in different subjects for students in the college.
- ✚ Researcher and self-learner always looking for work improvement and progress.
